***REVISED ADMINISTRATIVE CIVIL LIABILITY COMPLAINT R5-2017-0553,
RENE LARRANAGA***

On 18 September 2017, the Assistant Executive Officer issued an Administrative Civil Liability Complaint (Complaint) that alleges that Rene Larranaga (Discharger) failed failing to submit a Report of Waste Discharge (RoWD) required under Water Code section 13260. The Complaint recommends an administrative civil liability in the amount of thirty thousand seven hundred fifty-eight dollars (\$30,758).

The hearing on this matter was originally scheduled for the 7/8 December 2017 Board meeting. However on 6 October 2017, the Discharger asked that the hearing be postponed to facilitate settlement discussions and the Assistant Executive Officer agreed to do so.

On 18 October 2017, Rene Larranaga met with the Water Board's Prosecution team to discuss the Complaint. While we were hopeful that a settlement could have been reached during the meeting, Mr. Larranaga and Board's Prosecution team were not able to reach agreement; so the Board's Prosecution Team will bring the matter to the 1/2 February 2018 Board meeting in Rancho Cordova.

Attached for your information is a Revised Hearing Procedure.

If you have any questions or comments regarding the Revised Hearing Procedure, please contact Scott Perrou at (916) 464-4633 or sperrou@waterboards.ca.gov.
